Acknowledgments

First and foremost I would like to thank my parents for all the encouragement they have given me over the years. I would also like to thank them for providing every opportunity possible to further my studies in music. So thank you Mom and Dad it means everything to me.

In addition I would like to thank Dr. Benner, Mrs. Benner, Dr. Kuroda, Dr. Forsyth, and all of my other music teachers for all the teaching they have provided me with over the past two years. I would like to thank them for pushing and encouraging me to continue my studies in the arts and ultimately pushing me to want to major in music in college. Thank you also Dr. Benner for helping make this concert happen.

Lastly I would like to thank the following: Derrel, Josh, Mitch, Sundar, Andrew, and all my other friends who have been there over the past two years to motivate and help me get through this school. For those who are performing my pieces tonight for me, I would like to thank you as well because without you it would not be possible. Shout-out to Derrel for all the nights of staying up way to late working on theory homework and helping strive to do better in the class while just keep ourselves entertained and overall having a fun time constantly make jokes.
